BRUCE: This is the best movie of the series.

PHIL: Wait until the new ones come out. They'll blow the first three away.

STEVE: I think you're oversimplifying the importance of plot to the Star Wars Trilogy. What was gained by 20 years of special effects resarch? The rereleased versions are no better than the originals.

PHIL: It's so cool that we can chat and watch at the same time. My life is so much better now.

BRUCE: Thank God for TV chat.

PHIL: And thank God for internet.
